Customer Problem Statements

ID	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A person planning a home purchase/setup	Plan purchases within a fixed budget	Manual comparison is time-consuming	Many items have different quantities and prices	Uncertain about where the budget will go
PS-2	A person organizing a party	Estimate event costs for guests and venue	Costs can quickly exceed the budget	Food, decoration, venue and entertainment compete for the same budget	Concerned about overspending
PS-3	A person choosing jewelry for an outfit	Select suitable jewelry within a budget	Options and combinations are difficult to compare	Occasion, style and outfit color influence choices	Unsure which combination fits the budget

Root Problem

Users need a simple way to translate a fixed budget and preferences into an itemized, understandable plan without exceeding the budget.
