

Communication

AI-Assisted Smart Budget Planner

Communication Plan

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	As needed / during development	Chat / meeting	All members	Share progress and blockers.
2	Progress Update	Weekly	Team discussion	All members	Review implementation progress.
3	Issue / Bug Discussion	As needed	Chat / meeting	Relevant members	Resolve development and testing issues.
4	Stakeholder Review	As scheduled	Demo / review	Team + reviewer	Validate project direction.
5	Final Demo Rehearsal	Before final demo	Live application + slides	All members	Coordinate demonstration flow.

Communication Challenges & Resolutions

Challenge	Resolution / Action Taken
Coordinating multiple planner modules	Use shared planning logic and clear module responsibilities.
Optional AI dependency	Keep Gemini optional and provide graceful fallback.
Need to demonstrate budget correctness	Use deterministic packing and show total/remaining amount.
